

TITAN SERIES

Privacy Fence

*2" x 8" Fence Rail...
Engineered for Strength,
Durability, and
Maintenance-Free Beauty*

2" x 8" Fence Rail...
*Engineered for Strength, Durability,
and Maintenance-Free Beauty!*

The **TITAN SERIES** Privacy Fence is a statement of innovative engineering and styling. Because all vinyl fencing is not created the same; don't settle for other local, inferior, privacy fence systems. Be the envy of your neighborhood.

In addition to being uniquely engineered with an integral I-Beam support design for added strength and durability for years to come, the **TITAN SERIES** Privacy Fence offers the most distinctive, elegant, and decorative 2" x 8" fence rail available, while providing a maintenance free finish for the discerning buyer. Why would you settle for less?

You Deserve The Best!

-Lifetime Warranty.

**-Styles include Solid,
Lattice, & Closed, Open or
Scalloped Spindle Top.**

**-Pre-Routed Posts
eliminate the need for
unsightly attachment brackets
as needed for the
"big chain" store brands.**

**-Available in
8'*, 7'*, 6', 5', 4' heights.**

**-Available in White,
Tan & Select Clay Styles**

*** Available in 6' widths only**

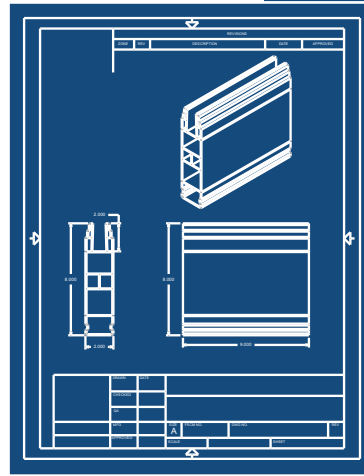

***Using the finest PVC ingredients, the latest technology,
and over 30 years manufacturing experience!***

TITAN SERIES Privacy Fence is locally manufactured to the most stringent ASTM testing standards in the industry. Our engineers start by demanding only the highest quality virgin PVC resin. Then we specify and incorporate the finest additives and impact modifiers to optimize the strength and weather ability of our **TITAN SERIES** Privacy Fence. The product quality is true throughout. Then, through a state of the art co-extrusion process which utilizes extreme heat and pressure, our ingredients are fused together to ensure long lasting protection.

These extruded profiles are then fabricated using state of the art, fully automated CNC saws and routing centers. Sections are assembled and packaged using a sophisticated and truly unique lifting and handling system to assure the highest quality finished product. All backed by one of the most comprehensive Lifetime Warranties in the business. **The TITAN SERIES Privacy Fence products are made to stand the test of time.**

***The most advanced design, using state of the art
technology, produced by a company with
over 30 years manufacturing experience!***

You deserve

No other Fence System on the market even comes close to the 2" x 8" Fence Rail design and features of the **TITAN SERIES** Privacy Fence!

7/8" x 6" Tongue & Groove pickets interlock to create a strong joint to withstand the test of time.

Uniquely designed side U-shaped end spreaders ensure no gaps where Tongue & Groove pickets meet the post and can't fall down into pocket over time.

2" deep pocket allows greater picket overlap for increased picket strength, while allowing 40% more racking capability than most other pocket rails.

Uniquely engineered Integral I-beam support design and multiple horizontal stiffening ribs provide added strength and durability.

Screw-less rail locking tabs hold rails securely into the precise CNC computer controlled routed posts without the use of screws that can loosen over time.

2" x 8" **TITAN SERIES** rail is engineered to be the largest, strongest, and most durable rail available.

We realize your fencing project is a big investment. We encourage you to compare the size, design and detail of other local rails. What do you want protecting your possessions, pets and loved-ones? You deserve the best. You deserve **Titan Series** Privacy Fencing!

We realize your fencing project is a big investment.

We encourage you to compare our **TITAN SERIES**
to any other fence system.

Our **Titan Series 2" x 8" Rail** is the largest, most distinctive
and elegant fence rail available!

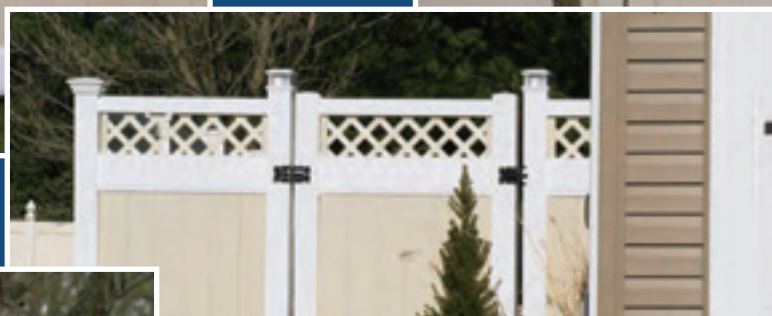

**Let your imagination design
the perfect combination of colors and styles.
Create a uniquely personal color choice
to compliment your house or landscaping.**
